

Croma 2 LED Light

SKU: MLCROMA2

Powerful and compact, the CROMA2 branded by Manfrotto powered by Litepanels, features the newest LED Surface Mount Technology which guarantees images with perfect colour rendition. The LED panel embeds innovative lenses which have been designed to achieve improved optical efficiency. Compact and powerful, it can be used both on camera and off. Colour temperature can be regulated from 3300K to 5600K, making CROMA2 the perfect versatile LED panel to match the existing ambient lighting. Diffuser gel is included.
