

System Ace XL FT GS

Sachtler System Ace XL carbon fibre with Fluid Head, flowtech® Tripod, Ground Spreader & Bag

SKU: 1017GS

When you need quick set up and precise balancing while using a smaller camera, the Sachtler FSB 4 Fluid Head doesn't mean you have to compromise on performance. Speedbalance technology gives you rapid weight compensation for payloads of up to 4 kg, while the snap and go side loading mechanism means mounting handheld cameras and DSLRs can be done from the side of the tripod.

Being able to work quickly and efficiently also means being able to get the perfect shots easily. Once you have balanced your camera, patented Sachtler drag always gives you subtle and smooth movement. Three horizontal and vertical grades of drag also help you work intuitively and quickly, while always being sure your gear isn't letting you down. The 75 mm head fitting has a large sliding range of 120 mm, helping to give the flexibility to work in the way that gets you the best results.

Work faster whatever conditions you find yourself in with Sachtler flowtech® 75 Carbon Fibre Tripod. The unique flowtech design allows you to deploy and adjust in the time it takes to release a single catch. When speed is critical or time is of the essence, instant setting up and packing lets you focus on the things that matter. The carbon fibre design you won't tire yourself carrying it around either.

Setting up fast is only part of the equation. The Sachtler flowtech75 gives you the versatility and stability you need to get the job done fast and efficiently. A hinge lock gives you a height range of 26 – 158 cm allowing you to shoot from any angle while high torsional stability means you pan with complete confidence that the legs won't twist. Easy to use and built to endure the toughest environments, this tripod won't let you down.

Technical specifications

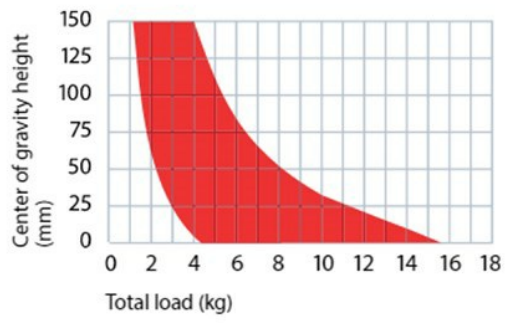

Feature	Metric	Imperial
Range	Ace	Ace
Weight	5.50 kg	12.10 lb
Temperature range	-40 to 60 °C	-40 to 140 °F
Sliding range	104 mm	4.06 in
Interface Compatibility	Slide-in	Slide-in
Bowl size	75 mm	75 mm
Material	Carbon Fibre	Carbon Fibre
Transport length	840 mm	32.76 in
Tripod stages	2	2
Payload	2 to 8 kg	4.40 to 17.60 lb
Tilt range	90° to -75°	90° to -75°
Height with spreader	0.57 to 1.74 m	1.87 to 5.71 ft
Height without spreader	0.41 to 1.69 m	1.34 to 5.54 ft
Spreader type	Ground spreader	Ground spreader
Pan bar count	1	1
Counterbalance	8 counterbalance steps	8 counterbalance steps
Drag	3 + 0 settings	3 + 0 settings

What's in the box?

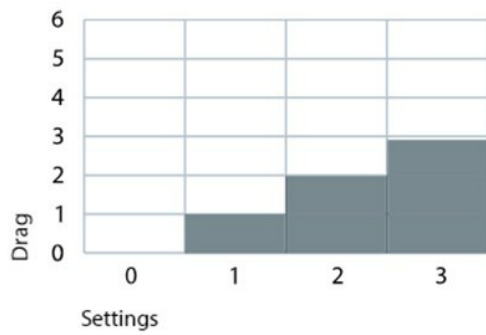

- **Carry handle flowtech®**
- **Ace XL**
- **Tripod flowtech® 75 GS**
- **Padded bag flowtech®75**
